

# UK NEQAS

## International Quality Expertise

Throughout October and November 2020, UK NEQAS will be hosting a weekly series of pan-disciplinary educational **webinars**, focusing on reducing pre-analytical errors in laboratory medicine.

Each session will be led by a subject expert and the format of the webinars will be a short talk followed by a 15 minute Q&A session to round things up.

The webinars will be live on Zoom every Thursday, 3-4pm (GMT), starting on the 8th October 2020. They will be **free to attend**, however registration will still be required.

### Interested?

For more information about any or all of the webinars, or if you'd like to reserve your place, please visit [www.ukneqas.org.uk/pan-disciplinary-scientific-webinars](http://www.ukneqas.org.uk/pan-disciplinary-scientific-webinars)

More announcements on the UK NEQAS website, on Twitter and LinkedIn will be made in the following weeks, detailing topic speakers and individual session outlines.
