

UK NEQAS Haematology Update Webinars

We are proud to announce a series of three weekly haematology-focused webinar sessions, (each just 1 hour in length), commencing on Tuesday 9th March 2021, 14:30-15:30 (UK time). They will be broadcast live on Zoom and will be **FREE** for delegates to attend.

These webinars will deliver expertise in the field of haematology EQA into your own laboratory.

Sessions will include a keynote morphology session led by Dr Peter Carey and Professor Barbara Bain.

There will be time at the end of each webinar presentation for delegates to participate in an interactive Q&A session with the speakers.

Register for any or all of the webinar sessions!
